

RANDALL K. PROBST

has been appointed assistant administrator/nursing and support services at Wasatch County Hospital. He holds a BS in health science education, a BS in nursing, and is beginning work on a master's degree.

anticipate equipment needs.

In addition, each hospital will receive a monthly utilization report detailing how much was spent by individual departments, the costs per use of each item, how often items were used and rental vs. purchasing costs of the items. These reports will be another tool to aid hospitals in making more cost-effective decisions for future orders.

The new rental company will also stress coordination among hospitals. A committee, made up of representatives from the hospitals, will meet monthly.
